

# WE'RE MAKING H ME FOR THE HOLIDAYS POSSIBLE.

The financial impact of COVID-19 has many Polk County renters concerned about the chance of eviction. With the holiday season approaching, that concern is more than financial. It's emotional. Working with renters and landlords, Polk County Housing Trust Fund and Iowa Legal Aid are making "Home for the Holidays" possible\* thanks to \$800,000 in funding from the Polk County Board of Supervisors. To support our mission of ensuring safe, stable and affordable housing for the residents of our community this season and all year, visit our website at [www.pchtf.org](http://www.pchtf.org).

\* As of November 15, this program has prevented 364 evictions, impacting 566 area residents and 361 children. In addition, the Polk County Housing Trust Fund Board of Directors allocated an additional \$150,000 to the program.
