Wouldn't it be nice to have a bank teller as a neighbor?

Access to affordable housing in Polk County is making it possible for hard-working people to enjoy safe and stable housing and contribute to the quality of life in our neighborhoods. Isn't that the kind of neighbor and neighborhood you want?

Everyone benefits with affordable housing!

As reported at www.indeed.com (02-15-13), the average annual salary of a bank teller is less than 80% of the Area Median Family income.
